

2nd International Woodcity Forum

119 2024 FRI

10:00-18:30 Woodworking flash/ Lecture
18:30-20:00 Information exchange meeting

Concept

In order to realize the so-called Woodcity, a wooden city by promoting the use of domestic timber, - a city essentially promoting the use of domestic timber in its design and construction with the purpose of achieving a sustainable society - this lecture/workshop will identify factors that hinder the use of timber in construction and consider what actions should be taken to overcome these issues. The aim of the conference is to provide participants with ideas for promoting the use of domestic timber and realizing the Woodcity through the exchange of opinions with experienced and knowledgeable commentators from various fields of industry, government, and academia, through discussions with participants from the audience, based on and innovative ideas proposed by the younger age groups.

Target

Students aiming to play an active role in the construction, forestry, forest products, and lumber industries; practitioners in the construction, forestry, forest products, and lumber industries; general administrative personnel; and people interested in lumber utilization and CO2 emission reduction.

Schedule

10:00-13:00 Woodworking flash	16:00-16:30 Speaker Prof. Keiro Hattori
13:00-14:30 Break time	16:40-17:20 Discussion time regarding the lecture content
14:30-15:45 Speaker Prof. Eeva Aarrevaara	17:30-18:30 Exchange of opinions on urban lignification - use of timber in construction
	18:30-20:00 Information exchange meeting

Speaker

Finland
Lahti University of Applied Sciences
Architecture and Urban Planning

Professor **Eeva Aarrevaara**
* Lecture will be given online.

Speaker / Interpreter

Ryukoku University,
Faculty of Policy Science
Urban policy and Community design

Professor **Keiro Hattori**
* Lecture will be given online.

Place

Nagoya University Noyori Conference Hall

Registration fee

	Venue	Online	Information exchange meeting
General	3,000円	2,000円	2,000円
Student	1,000円	Free	1,000円

Organized

Nagoya University, Graduate School of Bioagricultural Sciences
Nagoya University, Graduate School of Environmental Studies
Woodcity Institute
NPO Woodismcity Project

Supported by

Tokai Biocommunity
Japan Woodworking Machinery Association
International committee for Japan Urban Design Institute
